

Fundraising Associate (Voluntary Position)

About Emergency Nutrition Network (ENN)

Emergency Nutrition Network (ENN) is recognised for its work to reduce undernutrition globally. We enhance the effectiveness of nutrition policy and programming by improving knowledge, stimulating learning, connecting key actors and building evidence. We are passionate about being network-driven, independent and evidence-based.

Our vision is that ***every individual caught up in a nutritional emergency, or suffering from malnutrition anywhere in the world, gets the most effective help possible***. We undertake knowledge management, research, and advocacy to support national governments, civil society, UN agencies, donors and academic organisations, and communities of practitioners. Through our work and collaborations, we support agencies and individuals to implement evidence-based nutrition programming, predominantly in low- and middle-income countries and in fragile and conflict-affected states.

ENN has its head office in Oxfordshire, UK. ENN is financially supported by foundations and trusts, bilateral donors, international non-governmental organisations and United Nations agencies. For more information about ENN see our website: www.ennonline.net

What we do

ENN's work includes our "Field Exchange" publication that provides up to date information from research, programme learnings, and news from the sector, generated by practitioners, and distributed to our large network of researchers, practitioners and policy makers globally. We have projects specialising in Infant Feeding in Emergencies, Wasting and Stunting, Maternal and Adolescent Nutrition and support for Small and Nutritionally at-risk Infants under six months & their mothers and also manage a peer-to-peer forum offering timely answers to the questions challenging those on the front line of providing services to treat and prevent malnutrition in the world. ENN does not directly implement programmes but works to improve the effectiveness of all nutrition practitioners by helping to shape policy and practice at global and national levels.

Our Funding

ENN receives funding from governments, UN agencies, private foundations through grants and agreements, as well as contributions from partners.

This Role

The Emergency Nutrition Network needs to expand its funding base. To do this we would like to open funding potential from the private and corporate sectors, new foundations and other funders that may have an interest in working to improve nutrition for people in emergency and high malnutrition contexts.

The work will involve identifying potential funding sources, developing relationships and helping to finesse opportunities that can match ENN with potential funders. This will be closely supported by the CEO and technical team.

The position will report to the Technical Director (Operations & Platforms)

About You

We are looking for someone who would enjoy the challenge of working with a charity to raise funds to provide support for projects and practitioners working in difficult and resource poor situations to treat and prevent malnutrition.

If you have experience in the private or corporate sector, and skills that you believe could enable you to fundraise, we would love to hear from you.

Terms and Conditions

Hours of work: fully flexible/negotiable

Location: Oxford area ideally, but the work does not need to be office based, so other locations should be workable.

Remuneration: This is a voluntary or pro bono position, however, reasonable expenses can be reimbursed for travel and subsistence in line with ENN's policies.

To apply

Submit a brief CV as well as a short covering letter setting out how your past experience demonstrates your suitability for the role to recruitment@enonline.net.

For further information:

If you would like to discuss this further, please send an email to the CEO, Nigel Tricks (Nigel@enonline.net)

Please note: ENN does not intend any employment relationship to be created from this voluntary position, either now or at any time in the future.
